Campus late work policies must align with district grading philosophy

Penalties may be assigned for late work according to campus late work policy

Secondary

Assignments late 1 school day will be reduced by 10%

Late assignments any day thereafter will be reduced up to 50% with a six weeks grading period

Teacher sets the final cut off date for late work within campus and district guidelines

- Consistency
- Clarity
- Incentive

Proposed District Late Work Policy

- 1 day late = 90% of original grade
- 2 days late = 80% of original grade
- 3 days late = 75% of original grade

After 3 days, a student has until the Friday one week prior to the end of the marking period to submit late work. The work will earn 70% of the original grade.

Students whose classes meet on an alternating (A/B) schedule will have penalties assigned per class period.

Teachers retain the ability to use professional judgment and discretion in extenuating circumstances.

Scenario A *(work submitted 1 day late)*

Scenario B *(work submitted 2 days late)*

Scenario C *(work submitted 3 days late)*

Scenario D *(work submitted before end of marking period)*
