Class Size Waivers

CISD's primary goals during the beginning of the year Elementary Leveling Process are:

- Align with the class size requirements of Texas Education Code Section 25.112
- Minimize seated student movement
- Fully utilize FTEs

The whiteboard displays a large grid of data, likely representing student enrollment or class size information. The grid is organized into columns and rows, with numbers written in each cell. To the right of the grid, there are handwritten notes for each day of the week, including student counts and possibly class numbers. The notes are as follows:

- Monday: 425
- Tuesday: 425
- Wednesday: 425
- Thursday: 425
- Friday: 425

Class Size Waivers

Upon completion of our Elementary Leveling Process, we have seventy-four classes that we are seeking class size waivers for.
