STUDENTS

Pathways of Technology Early College High School

Pathways in Technology Early College High Schools (P-TECH) are innovative, open-enrollment high schools.

P-TECH Programs:

- Enroll historically underserved students, targeting at-risk and economically disadvantaged
- Provide students grade 9 through 12 the opportunity to complete a course of study that combines high school and post-secondary courses
- Enable students to earn a high school diploma, along with an associate degree, Level 1 or Level 2 certificate, or industry-based certification within six years
- Offer age-appropriate, work-based learning opportunity in every grade level
- Allow students to gain work experience through an internship, apprenticeship or other job training program

- *The Aviation and Transportation Academy at Crowley ISD*
- Three programs of study that offer dual credit opportunities (Aviation Maintenance, Distribution and Logistics, and UAV/UAS)
 - Programs of study will provide entry points into a larger career
- CTE courses located at BRJ CTEC and core courses at home campus
- Opportunity to earn at least 1 of the following:
 - Level 1 Certification
 - Level 2 Certification
 - Associates of Applied Science Degree
- All students will earn an industry-based certification
- Application now open for current 8th graders

- Opportunities for students
 - Level 2 Certification in Powerplant
 - General Aviation Maintenance
- College partner – Tarrant County College
- Industry partners – CAM Aircraft, Federal Aviation Administration, C&S Propeller

- Opportunities for students
 - Associates in Applied Science – Logistics and Supply Chain Management
 - Level 1 Certification – Warehouse manager
- College partner – Tarrant County College
- Industry partners – UPS

- Unmanned Autonomous Vehicles/Unmanned Autonomous Systems
