

Summer DreamBox Learning Winners

September 30, 2021

What is DreamBox?

DreamBox is an adaptive, personalized math program that customizes lessons to meet individual student needs.

How do we use it?

DreamBox is used in grades K-8 to accelerate student learning.

CISD students complete 5-7 personalized lessons per week.

What was our Summer Challenge?

The DreamBox Summer Challenge was...

- Complete the most lessons for your grade level from June 13-July 23
- Complete a minimum of 20 lessons to be considered for campus and district awards.
- Each campus recognized overall grade level winners with yard signs.
- District recognition for the students who complete the most lessons for each grade level.
- District recognition for the campus with the highest overall average of lessons completed during the window.

Summer Challenge Winners

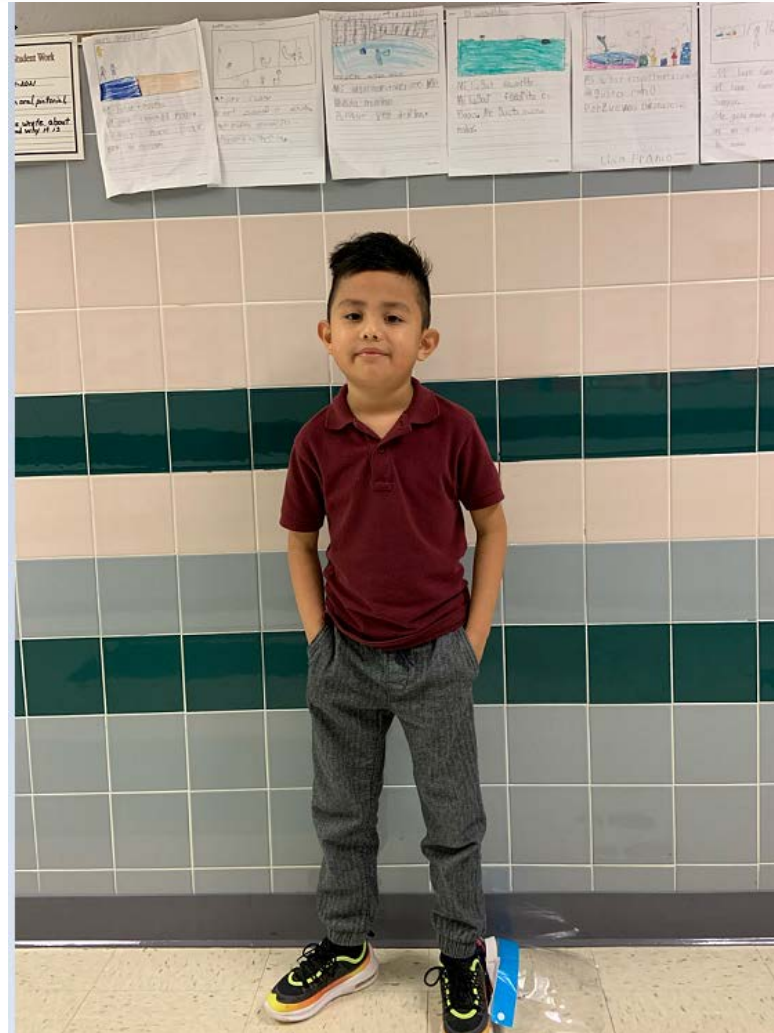

Grade	Student	Campus
K	Jayden Alvarado (335 lessons)	Oakmont Elementary
