Firm Fee Schedule

Cost-efficiency has long been a Weaver hallmark; we pride ourselves on offering extensive capabilities at a reasonable cost. Our pricing reflects the level of insight and technical knowledge our team brings, focused on helping you meet both your immediate objectives and your long-term goals.

Weaver is committed to continuing to work with you to develop a conscious, cost-effective fee structure that reflects your unique needs. As an existing client, we can save you time and resources that would otherwise be spent on bringing a new engagement team up to speed. Keeping fees reasonable is just one way we demonstrate a commitment to our clients – we want our relationship with you to be ongoing and mutually beneficial.

Out-of-Pocket Expenses and Administrative Costs

The rates quoted are all-inclusive; we do not charge for out-of-pocket expenses such as printing, report production and similar administrative costs. We also do not charge for travel. Routine meetings and accounting advice in the ordinary course of business are also considered part of our role as your professional services provider and are not charged as a separate fee.

A “No-Surprises” Approach

There should never be surprises when it comes to costs. Once the annual audit plan and corresponding fee estimate are complete and approved, we expect the cost of the engagement to not exceed the cost estimate. However, some situations can trigger the need for additional services, such as significant changes in client operations, auditing standards, or to address issues identified during the audit.

If it should become necessary to change the existing scope, we will discuss project details with you and agree upon a pricing structure before beginning additional services. Keeping fees reasonable is just one way we demonstrate a commitment to our clients. If you are ever unsatisfied with your fee, please do not hesitate to let us know; we want our relationship with you to be long-term and mutually beneficial.
